TRAFFIC CONTROL PERMIT PUBLIC RIGHT-OF-WAY FEES & INFORMATION

A Traffic Control permit is required for any work within a City street that may impact or in any way alter the flow of vehicular, bicycle, or pedestrian traffic.

Approved permits are valid until expiration of insurance and are not transferable to another location.

All fees associated with this permit are non-refundable.

Fees:

Application Fee:	\$90 or \$377 depending on the scope of work
Business Registration	Must have a current business registration with the City. Business Registration is a separate process and can be applied for concurrently with this permit.

Documentation Required:

- **Certificate - Insurance** - Must have general liability coverage, minimum \$1 million for each occurrence and aggregate for combined bodily injury and property damage. The policy number, effective date, and expiration date must be provided. Work must be completed prior to the expiration date of the policy.
- **Plans - Traffic Control** - Identify construction work-zone limits, description of work to be done, roadways, existing signing and striping, speed limits, specify construction duration and work hours, temporary traffic control devices (cones, delineators, signs, barricades, k-rail, etc), vehicle detours, pedestrian detours, existing and proposed lane dimensions, lane reduction transition lengths, lane closures. Traffic control plans shall be developed to follow the California MUTCD and the San Diego Regional Standard Drawings.
- **Standard Conditions - Right-of-Way Construction** - Acknowledgement of conditions which must be adhered to when accessing or performing work in a Public Right-of-Way.
