Determination of Project Status and Requirements

This form will identify permanent, post construction BMP requirements. Refer to City of Encinitas Stormwater BMP Design Manual for guidance.

Step 1: Is the project a “development project”? Development projects are defined as “construction, rehabilitation, redevelopment, or reconstruction of any public or private or private projects”. See Section 1.3 and Table 1-2 of the manual for guidance. For example, interior remodels, roof replacements, and electrical, and plumbing work are not development projects.	<input type="checkbox"/> Yes	<i>Go to Step 2</i>
	<input type="checkbox"/> No	Stop. Permanent BMP requirements do not apply. No SWQMP will be required. Provide discussion below.

If “No”, provide discussion / justification explaining why the project is not a “development project”:

Step 2: Complete questions below for Project Type Determination.
