

The City of Encinitas
Invites you to attend a:

NEIGHBORHOOD MEETING WALES DRIVE/CREST DRIVE JUNCTION

On May 17, 2023, the City Council of the City of Encinitas hosted a public hearing on the Emergency Access Route on Crest Drive at Via Tiempo. The direction provided by Council was to install a remote access emergency gate in place of the previous wooden barricades, and to allow the community an opportunity to provide input on the aesthetics of the junction.

On July 31, 2023, City Staff hosted a public neighborhood meeting to discuss the initial concept design and hear public input on the aesthetics of the junction.

The proposed project will be at the junction where the northern end of Wales Drive meets the southern end of Crest Drive. The City has completed the 50% design phase and is seeking additional public input as we near final design.

Meeting materials, including gate concepts and design, will be available for viewing on the Engineering Department Public Notices website prior to the meeting at the link below:

<https://www.encinitasca.gov/government/public-notice/engineering-public-notice>

We look forward to meeting you and discussing any comments or questions you may have regarding the proposed junction. If you are unable to attend or have questions prior to the meeting, please contact Ben Stryker, Project Manager, by email at bstryker@encinitasca.gov, by phone at 760-943-2230, or by mail at 505 S. Vulcan Ave, Encinitas, CA, 92024 to provide your input.

The Neighborhood Meeting will be held on:

MONDAY, October 16, 2023

6:00 PM – 7:00 PM

AT

**THE CITY OF ENCINITAS – POINSETTIA ROOM
